Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 11 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fine and bright then turning more unsettled over the weekend.

Today:
A frosty start, with some freezing fog patches that may be locally slow to clear. A fine and bright day then follows, though turning windier later and feeling very cold. Maximum temperature 3 deg C (37 deg F).

Tonight:
Staying dry this evening and overnight with plenty of clear skies. A chilly night with another frost developing soon after dark. Minimum temperature -4 deg C (25 deg F).

Friday:
A dry day with plenty of sunny spells in between any cloud. Another cold day with an overnight frost. Maximum temperature 3 deg C (37 deg F).

Outlook for Saturday to Monday:
Cloudy on Saturday with some snow overnight. Wind and rain arriving for Sunday and leading to some icy conditions for a time. Further spells of rain on Monday.
